Your Carpark Solutions People

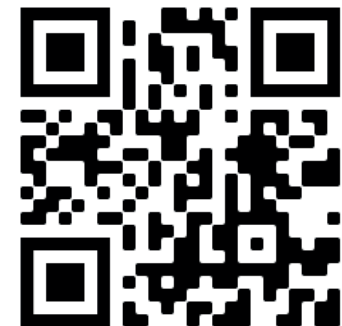

CBM Parking Pte Ltd, a fully-owned subsidiary of **CBM Pte Ltd**, has grown significantly over the years to become one of the largest carpark management companies in Singapore since the establishment in 2006.

The various carpark systems that CBM Parking operates and manages include Full & Semi Electronic Parking, Cashcard, and Proximity Disc systems.

Our team of employees are dedicated to providing the highest levels of service standards and processes to maximise the potential of your parking spaces.

With CBM Parking, property owners can be assured that their carpark space is managed holistically with the latest equipment optimising operations even when parking management needs are complex.

24/7 Control Centre

Supported by Centralised Carvtpark Management System

CBM Parking houses and operates its own 24/7 Control Centre within its HQ premises located at Katong Shopping Centre to offer round-the-clock client support along with remote monitoring.

- Improve service delivery through pro-active monitoring of system defects via the Centralised Dashboard to ensure immediate response to faults and failures
- Assist callers from a central location which includes controlling of barriers and resolving payment issues

Use of Technology

CBM Parking believes in continually transforming the way we do our work to benefit both our clients and the organisation.

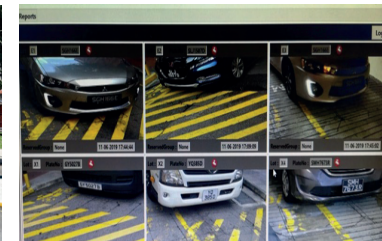

Backed by **Ingensys Pte Ltd**, one of the leading system integrators in equipment and software development, CBM Parking has made much inroads in the area of Smart Technology over a spectrum of features that can be applied to many areas to complement carpark operations and protect the revenue of our clients.

Mobile Enforcement Vehicle (MEV)

Tailgating Detection System (TDS)

License Plate Recognition System

Video Parking Guidance System (VPGS)
